Product Description

Product Description:

Stainless Steel Sheet Plate is made of high-quality cold rolled 304 stainless steel, manufactured by a reliable and experienced China sheet supplier. It is available in length 1000-12000mm and MOQ 2 Ton. It is certificated by ISO, SGS, BV, etc. and its shape is mainly sheet plate. Moreover, it is highly corrosion resistant and has excellent tensile strength. It is particularly good for 410 stainless steel sheet. Besides, it has a wide range of applications in various industries.

Features:

Product Name: Stainless Steel Sheet Plate

Thickness: 0.01-200mm

Length: 1000-12000mm

Supply Ability: 1000 Ton/Tons Per Month

Material: Stainless Steel

Process: Hot Rolled, Cold Rolled, Annealed, Pickled

China Sheet Supplier

Stainless Steel Sheet Wholesalers

Cold Rolled 304 Stainless Steel Sheet

Applications:

Tai-steel brand stainless steel sheet plate is widely used in various industries due to its excellent properties. It is made of high-grade stainless steel such as 410, 304, and 316. It has different surface finishes like 2B, BA, HL, NO.1, NO.4, 8K, etc. Tai-steel stainless steel sheet plate is produced with hot rolled, cold rolled, annealed and pickled processes, and has passed the ISO9001 certification. The minimum order quantity is 5 tons and the price is 2900 US dollars. Delivery time is 7-15 days and the package is standard export seaworthy package. Tai-steel stainless steel sheet plate is available in large quantities and the supply ability is up to 1000 tons per month. It is suitable for wholesale and retail applications and can be used in a variety of industries such as construction, manufacturing, automotive, etc.

Tai-steel stainless steel sheet plate is the perfect choice for customers who need a high-grade product with good corrosion resistance and durability. It is suitable for use in applications such as 410 stainless steel sheet, 304 stainless steel price, stainless steel sheet wholesalers, etc. It is easy to clean and maintain, and will not rust or corrode easily. It is the perfect choice for a variety of industries and can be used for a long time.
